REGIONAL COUNCIL

two ways :: one outcome

2. Local Authority Members:

The following the Yuendumu Local Authority members:

3. Community Staff Profile:

As at March 2017, the percentage of Indigenous staff employed by Council in Yuendumu was 81.9%.

4. Purpose:

The purpose of the Community Plan is to document Council's planned works, timeframes and activities in financial year. This will ensure Council actions are targeted to achieve the maximum benefit for the community.

4.1 Community Priorities

This section outlines community priorities identified for 2017/18. The Council will use these priorities to inform its Regional Plan and undertake community projects throughout the year where funding is available.

4.2 Council Services

This section outlines the key services provided by Council in the community, who is responsible for delivering the service and timeframes for delivery.

4.3 Local Authority Projects

This section provides a snapshot of the community's Local Authority projects. Projects are chosen and monitored by the Local Authority, project-managed by Council and funded by the Department of Housing and Community Development.

4.1 Community Priorities

At the end of each financial year Council conducts community planning consultation sessions in each of the nine major communities. Council officers record each community's priorities and provide this information to the Regional Council. The Regional Council then uses the information to create its Regional Plan for the next financial year. The Local Authority monitors progress on priorities throughout the year.

4.1.1 – Community Priorities

The ideas in Table 1 (p. 4) were gathered through community planning consultation sessions held in all communities between February and June 2016. Ideas were then voted on to establish the community's priorities for 2016/17. Each priority has been linked with one of Council's Strategic Goals (listed below) and one or more responsible area has been assigned. In 2017, consultation has been undertaken with Local Authorities to refine plans for the 2017/18 financial year.
